

Vote NO on Prop. 12

Higher Costs, Fewer Rights? NO WAY!

- **Proposition 12 makes radical changes** to the Texas Constitution that take away the rights of everyday Texans. These changes will allow insurance companies to protect their profits and **do nothing to reduce the cost of healthcare for Texas families.**

- Proposition 12 sets the value of human life based on expected lost income, so children, the elderly, and stay-at-home moms **are considered less valuable** than stockbrokers, lawyers, or even insurance executives.

- **Proposition 12 takes away your access to courts and trial by jury** and lets politicians and insurance lobbyists make important legal decisions about you.

VOTE EARLY!

August 28 - 29

September 2 - 9

Election Day
Saturday, September 13
